Section 4. First Aid Measures

Routes of Exposure:

If in Eyes Rinse cautiously with water for several minutes. Remove contact lenses, if

present and easy to do. Get immediate medical attention.

If on Skin Wash with plenty of soap and water. Take off contaminated clothing and

wash before re-use. If skin irritation or rash occurs: get medical

advice/attention.

If Swallowed Rinse mouth. If the victim is conscious give water or milk to drink to dilute

the effect. If vomiting occurs, place victim face downwards, with the head turned to the side and lower than the hips to prevent vomit entering the

lungs. Seek medical attention if you feel unwell.

If Inhaled Remove person to fresh air. Remove contaminated clothing and loosen

remaining clothing. Allow person to assume most comfortable position and keep warm. Keep at rest until fully recovered. Get medical advice if

breathing becomes difficult or if you feel unwell.

Most important symptoms and effects, both acute and delayed

Chronic:

Causes damage to organs through prolonged or repeated exposure. Some individuals may develop allergic reactions such as dermatitis or asthma like symptoms on a single significant skin exposure or may become sensitised to the materials on repeated contact. If cured material made using this product is to be cut or sanded ensure an appropriate dusk mask is worn. In addition to safety glasses. Epoxy resins are made by reactions involving EPICHLOROHYDRIN. Hence it is assumed that a very small amount of material will remain in the finished product. EPICHLOROHYDRIN has been classified as a Category 2 carcinogen. Therefore, it is imperative that all forms of exposure be eliminated.

Section 5. Fire Fighting Measures

| Hazard Type | Non Flammable |
|--|--|
| Hazards from combustion products | Hazardous combustion products:- Carbon monoxide, carbon dioxide- toxic gases of combustion will not decompose with explosion. |
| Suitable Extinguishing media | Use water mist, foam, carbon dioxide or dry chemicals as extinguishing media |
| Precautions for firefighters and special protective clothing | Wear full body protection and self-contained breathing apparatus. |
| HAZCHEM CODE | 3Z |

Section 6. Accidental Release Measures

Personal precautions:

Wear protective equipment as detailed in Section 8. Clear area of any unprotected personnel.

Environmental precautions:

Adequate steps should be taken to prevent spillage reaching waterways and drains.

Spill and Disposal procedures:

Extinguish all sources of ignition. Spilt material should be absorbed into dry inert material such as sand, earth or sawdust and disposed by incineration by approved agent or local regulations.

Section 7. Handling and Storage

Precautions for Handling:

- Read carefully and follow all instructions.
- Do not handle until all safety precautions have been read and understood.
- Keep container tightly closed.
- Do not breathe fumes, gas, mist or vapours.
- Wash hands thoroughly after handling.
- Do not eat, drink or smoke when using this product.
- Wear protective clothing.

Precautions for Storage:

- Store away from incompatible materials listed in Section 10.
- Keep cool and container closed.
